

TWINBROOK FARM

(WORTHINGTON)

RINGVILLE, P. O.

MASS.

Sept. 28. 22

Dear Clarke:

This is a snapshot I took of the old Menlo Park Machine Shop when I was out there Sunday, Sept 10, before the celebration. It is about all that is left. I have proposed

the brick - there - out of the crumbling - build a memorial plaque on it, on the Lincoln Highway. Stating that it is the birthplace

TWINBROOK FARM

(WORTHINGTON)

RINGVILLE, P. O.

MASS.

Sept. 28. 22

Dear Clarke:

This is a snapshot I took of the old Menlo Park Machine Shop when I was out there Sunday, Sept 10, before the celebration. It is about all that is left. I have proposed that we take the brick - there is a lot of it - out of the crumbling walls and build a memorial column with plaque on it, on the Lincoln Highway. Stating that it is the birthplace

The machine shop of Edison's  
Laboratory, Menlo Park, N.J.  
Practically abandoned since  
1883. This photo. shows the east  
end of the ruin - the entrance  
was in the west end,  
Photo. taken in Sept., 1922,

The machine shop of Edison's  
Laboratory, Menlo Park, N.J.  
Practically abandoned since  
1883. This photo. shows the east  
end of the ruin - the entrance  
was in the west end,  
Photo. taken in Sept., 1922,

of the camp, lighting system,  
phonograph, carbon telephone,  
and a few other things.

You will remember that  
Frank Upton suggested a  
monumental triumphal arch,  
which is a project difficult  
to carry out. My little plan  
is in many ways easier of  
accomplishment, and, I think,  
would serve the same purpose.

Ever yours truly

Thurston

C. L. Clark & Co

Sheny ny  
P.S. will you show it to  
Willie Andrews?
